Features Meets all Australian Standards for Remote Area Solar Systems, including the stringent.

All Rights Reserved. Durable power cabinets for solar batteries and inverters. Safe, compact, and efficient energy storage for off-grid systems.

OFFGRID NOW ® Founder Mark Leckenby is an electrical engineer with multiple patents who designed the OFFGRID NOW ® Piccolo 5, Excelso 6, Daily Grind 8, Robusta 12 and Forza power cabinets, and a range of Solar Trailers. Graduating from the Central Queensland University with a degree in Electrical.

From smaller residential systems to large industrial applications, they can easily scale for your energy storage needs. Suitable for outdoor or indoor projects, our Slimline Range has a compact footprint ideal for smaller spaces. Designed and manufactured in Australia, the range brings a fresh.

To ensure you get the most of your battery investment, the Power House Cabinet is powered by industry-leading Victron inverters and solar charge controllers. The Victron intelligent solar charge controller uses an intelligent charge algorithm to maximise your energy harvest even on cloudy days.

designed to make solar easy, reliable & affordable. Save time and money by reducing onsite installation time & ensuring you are getting quality equipment that is professionally designed, wired, tested and proven to work in harsh Australian conditions. Simply connect solar panels & generator, then.
