

# 200w solar street light in busan south korea

## Overview

---

What is chiuer 200 watt solar LED street light?

free shipping 30 day return 3 year warranty Chiuer 200 watt solar LED street light have high lumen efficacy 150lm/w, best for outdoor municipal and rural area with roadway security lighting where there is no power line available, or for commercial car parking lots where you want to use this renewable solar energy and save electricity bill.

Is a 200W solar street light a good choice?

The 200W solar street light offers numerous compelling advantages that make it an excellent choice for modern outdoor lighting needs. First and foremost, it provides complete energy independence, eliminating electricity costs and reducing carbon footprint through clean, renewable solar power.

How does a 200W solar street light work?

The 200W solar street light incorporates advanced smart control features that enhance both functionality and security. The sophisticated motion detection system uses high-precision infrared sensors with a detection range of up to 15 meters and a 120-degree sensing angle.

Are solar street lights a viable alternative to conventional street lights?

Solar street lights have become a practical alternative to conventional street lights due to its natural solar energy and excellent suitability in remote areas. The fundamental drawback of solar energy is its unpredictable nature based on climate patterns, but this can be overcome with power storage batteries which act as a backup source of power.
