

500kWh Outdoor Cabinet EPC General Contracting in the United States

Overview

Who is EPC services company?

EPC Services Company (EPCS) was founded in 2000 to meet the growing demand for fast-track utility and energy projects and has grown into one of the largest specialty EPC firms in the U.S. Today, EPCS manages up to two dozen EPC contracts annually, guided by over 100 years of combined high-voltage power delivery experience among our leadership.

How many EPC Contracts does EPCs manage?

Today, EPCS manages up to two dozen EPC contracts annually, guided by over 100 years of combined high-voltage power delivery experience among our leadership. With fully integrated in-house engineering, procurement, and construction teams, we excel in delivering complex projects through 765 kV.

How do EPCs clients benefit from a professional-led EPC approach?

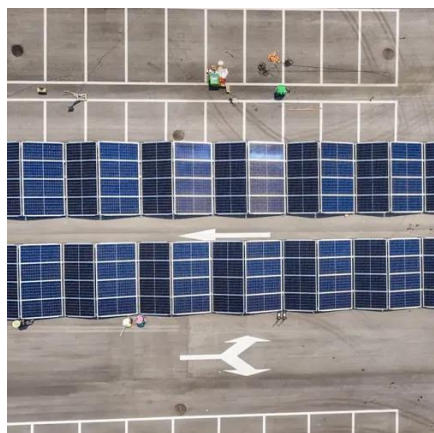

EPCS clients benefit from our professionally-led EPC approach through the application of best practices, risk management, optimization of E, P & C, and precise/known/anticipated actions.

What are core development group's end of end EPC services?

Core Development Group's end of end EPC services are customized to each customer and takes a holistic approach to provide an optimal solar service.
