

# 5MW industrial server racks from ASEAN ten countries used in gymnasium

## Overview

---

Who makes data center server racks?

One of the leading companies in the data center server rack market is Schneider Electric, known for its comprehensive range of data center solutions, including server racks, cooling systems, and power management products.

What is the global data center server rack market size?

The global data center server rack market size was valued at approximately \$4.8 billion in 2023 and is projected to reach around \$8.5 billion by 2032, growing at a compound annual growth rate (CAGR) of 6.5% during the forecast period.

How is the data center server rack market segmented?

The data center server rack market is segmented based on data center size into small and medium data centers and large data centers. Small and medium data centers, typically characterized by their limited capacity and localized focus, are increasingly adopting advanced server racks to enhance their operational efficiency and scalability.

What is the competitive landscape of the data center server rack market?

The data center server rack market is characterized by intense competition, with several key players vying for market share. The competitive landscape is shaped by factors such as product innovation, technological advancements, strategic partnerships, and mergers and acquisitions.

## 5MW industrial server racks from ASEAN ten countries used in gymna

### [APAC Data Center Server Market Size , Mordor Intelligence](#)
