

Austria mobile power storage vehicle manufacturer

Overview

What is Austria's largest battery energy storage system?

Slovenian company NGEN has commissioned what is being described as Austria's largest battery energy storage system (BESS). Located in Fürstenfeld, the facility has 24 MWh in capacity and a maximum output of 12 MW. It's part of the company's strategy to boost battery usage in Germany, Austria, Switzerland, and beyond.

Which country has the largest battery energy storage system?

NGEN commissioned Austria's largest battery energy storage system (BESS). It installed it in record time – just seven months. Located in Fürstenfeld, in the country's southeast, the facility has 24 MWh in capacity and a maximum output of 12 MW.

How much power does Ngen have in Austria?

In September 2023, NGEN completed a BESS of 10.3 MW in operating power and 20.6 MWh in capacity in Arnoldstein. It was the biggest in Austria at the time. "Fürstenfeld is just the beginning.

Who makes BMZ batteries?

The BMZ Group develops and produces high-tech battery systems, which are installed worldwide in the most diverse products of well-known brands. In addition to OEM products, BMZ also manufactures battery systems with its own brands.
