

Brazil Power Cabinet 600mm Deep Labeling

Overview

What is a 600mm data cabinet?

These data cabinets are lightweight and versatile to suit almost any installation where a wall mounted data rack is required. Our 600mm range boasts an increased rack depth, making them ideal for mounting larger equipment. Their lightweight design means despite their size, they are suitable for mounting on almost any wall.

What is a 600mm deep wall mounted cabinet?

These 600mm Deep Wall Mounted Cabinets are ideal for small network installations, where floor space doesn't allow for a Floor Standing. Our UK Made Wall Mount data/comms cabinets are ideal for small network installations. The data racks have fixed 19" mounting profiles at the front and adjustable mounting profiles at the rear of the.

What is a 2 section 600mm deep wall mount data cabinet?

These 2 section 600mm deep wall mount data cabinets are designed for a single person installation. The 100mm rear lift off section can be easily mounted to the wall, which when the cabinet is mounted on will also provide additional depth to the cabinet making it a more versatile choice.

Are 450mm deep data cabinets a good choice?

Our 450mm deep cabinets are the next step up, the compact design of these wall mounting cabinets make them ideal for smaller networks and workgroups. The cabinets are available in various configurations. 550mm deep wall mounted data cabinets provide extra space for deeper rackmount equipment.
