British outdoor cabinets with IP54 rating for office buildings

Overview

Which cabinets are IP rated?

If you need to specify a bespoke IP rated cabinet, the Double-Skinned Cadet™ offers insulated protection in heights up to 2000mm. Its marine grade stainless steel option offers optimum performance in the most extreme environments. Take a look at the full range of steel enclosures and cabinets.

What is an IP54 cabinet?

Prism's IP cabinet range provides ingress protection to an IP54 rating and can be deployed in areas with high dust and moisture content. All Prism IP54 enclosures are sealed or welded in construction and fitted internally with compression gaskets, providing secure apertures and.

Are industrial cabinets IP56 rated?

Available in five standard sizes, the industrial cabinets can be supplied with ventilation or without for IP56 rated protection. These IP rated enclosures have double skinned insulated walls and roof providing weather resistance, and a reinforced double skinned insulated door to provide optimum protection.

Why should you choose Orion IP rated cabinets?

Orion IP Rated Cabinets offer effective ingress protection to protect your servers and IT equipment against dust and debris. Fans can be fitted into our IP Cabinets using our integrated IP54 Fan / Filter system, designed specifically to filter out dust whilst maintaining airflow to your IT equipment.
