

Cabinet external generator

Overview

What is a generator connection cabinet?

Visit GenConCab.com Download the Brochure. The Generator Connection Cabinet (also known as a “tap box” or “docking station”) provides a quick and convenient station to connect a portable generator to a facility’s electrical power distribution system.

What is a generator termination cabinet (GTC)?

Whether it is long or short term utility outage, facility maintenance, or whatever the needs are; AMP's GTC will keep you up and running. Our generator termination cabinets (GTC) are designed to safely connect and disconnect a portable generator to a building or portable piece of equipment.

What is a connection cabinet?

Connection cabinets provide a safe, reliable, and convenient connection that simplifies temporary generator or load bank connections. Pad lockable hardware with hinged access doors for temporary cable connections. Male or female cam-lock connections available. Have a question or a project for us?
