There are those who, upon the arrival of the summer, rely on the classic fan, those who turn on the air conditioner at full power and those who seek more solutions ethical, reading and low environmental impact. And then there is Dinabreeze a small portable revolution that seems to be born for those.

Douala, Cameroon's economic hub, now hosts one of West Africa's most advanced solar air conditioning factories, combining tropical climate advantages with cutting-edge renewable As temperatures rise across Africa, demand for energy-efficient cooling solutions has skyrocketed. Douala, Cameroon's.

Cameroon is strengthening grid reliability through extensive solar integration, combining utility-scale installations with decentralised generation. Through our eco° SOLAR initiatives, we deliver engineered clean-energy solutions in Cameroon — including commercial BESS, solar generators, solar.
