Since 2006, Flexopower Energies (Pty) Ltd has been pioneering reliable mobile energy solutions for people who move — including outdoor adventurers and overlanders, commercial, defense, security, mining exploration, humanitarian operations. We design and manufacture award-winning portable power.

We are a specialist Uninterruptible Power Supply (UPS) and emergency power backup Company, with over 250 years of combined UPS and battery backup experience. Our product ranges extend from small standalone 400 VA offline UPS units to large and unique, three-phase, high-efficiency UPS power plants of up to 1,5 MVA.

Maximize uptime and efficiency by successfully managing your temporary power needs with Rand Air Power Solutions! Experience predictable power with our comprehensive range of up to 1,5 MVA. Reduced noise levels due to the robust enclosure. Supports paralleling of multiple units with plug-and-play.

AJ Power Generators is a leading distributor of diesel generators in South Africa, headquartered at a modern facility in Cape Town. For over 15 years, we've supplied generator solutions from 10 kVA to 3350 kVA for supermarkets, hospitals, banks, hotels, and data centres, as well as for applications.

Magneto Portable Power Stations will provide you with electricity during load-shedding, power outages, or for outdoor use where no power is available. In a nutshell, a Power Station is a potent, all-in-one battery and inverter, able to store

electricity via charging, and supply it to your devices.
