How much power does a companion Rover 40 Power Station have?

The Companion Rover 40 Power Station is small in size but packs a decent punch, offering 40amp of lithium power in a package that weighs just 6.5kg, which is enough to keep my 47L myCOOLMAN fridge running for just under two full days without a charge. I can charge the power station back up via 240V mains, 12V or solar.

Are there any lithium 40ah power stations available?

Sorry! We're unable to get our hands on any more of these. If you dream of staying off-grid for longer but still need to keep things charged, the Rover Lithium 40Ah Power Station from Companion is the trusty power solution to help turn that dream into reality.

How much does a companion-rover-40ah-lithium-power-station cost?

We have purchased the companion-rover-40ah-lithium-power-station from BCF on special for \$529 (\$484.62 after using e-gift cards from Red Energy for BCF). And were curious what brand and details of Solar panels people have used to charge it with?

and is it best to: Charge Battery while driving with a fridge connected to battery?

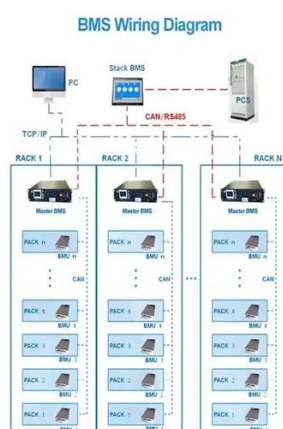

.

How do I charge a 40ah power station?

Page 7 40AH POWER STATION CHARGING BY DC CABLE (INCLUDED) Step 1. Turn on the power station by holding the power button for three seconds. Step 2. Insert the adaptor plug into the input socket on the side of the power station and the DC charger to your power source.
