

Earthquake-resistant inverter cabinet for campsites

Overview

Designed for outdoor deployment, the cabinet features weather-resistant construction, efficient ventilation or air conditioning, and options for battery and DC distribution integration. With robust protection (IP55/IP65), it ensures reliable operation in remote, off-grid.

Designed for outdoor deployment, the cabinet features weather-resistant construction, efficient ventilation or air conditioning, and options for battery and DC distribution integration. With robust protection (IP55/IP65), it ensures reliable operation in remote, off-grid.

The enclosures are loaded with simulated equipment and placed on a shaker table designed to replicate the force of an earthquake. Various configurations and force directions (e.g. side-to-side, front-to-back) are tested to ensure that the heavy-duty steel welding is up to its task. To pass the.

The FlexTower is an all-in-one energy storage system. Built on the foundation of the DuraRack battery cabinet, the FlexTower combines the battery, charge controller, and inverter into a single unit with an LCD control panel, and remote monitoring capability. The FlexTower is easy to install and.

A compact, pre-wired enclosure that houses both battery and inverter — simplifying installation and saving space for residential and light commercial projects. The FlexTower is for your integrated energy storage system. Built on the foundation of the DuraRack battery cabinet, the FlexTower combines.

FlexTower: Top enclosure holds either (1) Fortress Power True Envy 8kW, 10kW, or 12kW, Sol-Ark 12 or Sol-Ark 15K inverter and is coupled with the lower DuraRack Outdoor Battery enclosure to support indoor and outdoor installations (IP65/Nema 3R) up to 60kW of inverter power and 81kWh of storage.

Designed for areas without electricity and remote rural areas. Features C4M anti-corrosion and IP54 protection, a split design compatible with lithium and lead-acid batteries, seamless BMS communication, optional air-cooled/liquid-cooled battery systems supporting up to 8 strings (0.5C/1C), and.

Sophisticated, fully customizable NEMA 3 and NEMA 4 enclosure systems for

residential and light-duty commercial energy storage applications. Precision manufacturer of seismic relay racks, baggage screening tables, A/V mounts, and contract fabrication solutions.
