

Germany hamburg wind energy storage company

Overview

What is WindEnergy Hamburg?

WindEnergy Hamburg: Ready to transition! From equipment and component manufacturers to project developers and operators, and through to scientists and politicians, WindEnergy Hamburg, held from 24 to 27 September 2024, will be the meeting place of the entire international wind energy sector. Repowering, grid intertie challenges and new energy storage.

Does Hamburg have a wind farm?

While Hamburg draws much of its wind power from onshore wind turbines within city limits, offshore wind farms off the North Sea coast are also vital for a stable power supply. Offshore wind farms generate clean electricity throughout the year, ensuring a secure power supply for industry and businesses all over Hamburg and Germany.

How much money do offshore wind companies make in Hamburg?

According to a current study by the institute wind:research, the local offshore wind companies achieved a turnover of 1,87 billion Euros, making Hamburg top of all 16 German federal states. We process your data within our GDPR. Mandatory field Security question * Please add 8 and 1.
