

High-performance cost-effective IP54 outdoor solar cabinet fast charging

Overview

Long-Duration Storage - 215kWh LiFePO4 battery provides 6,000+ cycles at 80% DoD (10+ year lifespan). Extreme Environment Ready - IP54-rated steel cabinet operates at -30°C to 55°C with integrated HVAC. Scalable Power - Parallel up to 10 units (1.25MW/2.15MWh total).

Long-Duration Storage - 215kWh LiFePO4 battery provides 6,000+ cycles at 80% DoD (10+ year lifespan). Extreme Environment Ready - IP54-rated steel cabinet operates at -30°C to 55°C with integrated HVAC. Scalable Power - Parallel up to 10 units (1.25MW/2.15MWh total).

All-in-One Outdoor Energy Storage Cabinet integrates a 125kW bi-directional PCS inverter and 215kWh LiFePO4 battery into a rugged, space-saving solution for commercial/industrial applications. High-Efficiency Conversion - 125kW PCS delivers 98.5% peak efficiency with grid-forming capability (IEEE).

NextG Power introduces its Outdoor Energy Storage Cabinet —a compact, high-performance system delivering 105KW power and 215KWh capacity. Designed for harsh environments and seamless integration, this IP54-rated solution features a 105KW bi-directional PCS, optional air- or liquid-cooled thermal.

iPhone (12 series and newer), Samsung Galaxy (S20 and newer), and other modern smartphones with PD or QC fast charging support iPhone (12 series and newer), Samsung Galaxy (S20 and newer), and other modern smartphones with PD or QC f. See more High-Speed Charging: Supports PD20W and QC18W fast.

Supplier highlights: This supplier mainly exports to Poland, Belarus, and the United States, offering full customization, design customization, and sample customization services, along with product certification. The positive review rate is 94.7%. This product has acquired the relevant product.

ECE One-stop outdoor solar battery storage cabinet is a beautifully designed turnkey solution for energy storage system. This integrated solar battery storage cabinet is engineered for robust performance, with system configurations readily scalable to meet demands such as a 100kwh battery storage.

This fully IP54-rated outdoor charger is designed to withstand dust, water spray,

and extreme conditions while delivering reliable, efficient power. As the leading industrial battery charger, it features advanced communication features, a modular design, and compatibility with multiple battery.
