Shandong Harbor Electric Power Engineering Co., Ltd. is a high-tech enterprise focused on the field of power transmission, distribution, and control systems, integrating research and development, production, sales, and service. Power Distribution Systems: Various high-performance distribution.

Explore AZE's premium NEMA-rated and weatherproof enclosures designed for telecom, industrial electrical, and energy storage applications. Built to withstand harsh environments and extreme conditions, our enclosures ensure optimal protection and peak performance for your critical equipment. Explore.

For outdoor server and network applications, the weatherproof rack cabinet is designed to protect equipment from water, environmental elements, and debris. With front and rear doors, allows easy access for installation and maintenance while the o-ring around each door creates a water resistant seal.

Outdoor integrated cabinet is well suited for power equipment, batteries, telecom gear, all integrated into a robust, economical package. The cabinet contains internal mounting rails, which allow installation of standard 19" equipment. Support custom-made. Includes: locking door with air.

Under the scorching sun of 50°C in the desert, in the heavy rain of coastal typhoons, or in the ice and snow in extremely cold areas, why can the communication equipment supporting 5G base stations and traffic monitoring continue to operate?

The answer lies in the design of the "invisible guard" of.

An IP55 outdoor cabinet offers reliable protection against dust ingress and water jets from any direction, making it ideal for a wide range of external applications. With a protection rating of IP55 —where "5" indicates limited dust ingress and "5"

signifies protection from low-pressure water. What is an outdoor integrated cabinet?

Outdoor integrated cabinet is well suited for power equipment, batteries, telecom gear, all integrated into a robust, economical package. The cabinet contains internal mounting rails, which allow installation of standard 19" equipment. Support custom-made.

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What materials are used for outdoor enclosures & cabinets?

Explore Waterproof & Weatherproof NEMA-Rated Outdoor Enclosures and Cabinets with AZE! Durable Materials: Choose from galvanized steel, stainless steel, or aluminum for superior corrosion resistance and longevity.
