Nema Enclosures manufactures quality custom and standard NEMA-rated IP55 enclosures. Contact us today to learn how we can expedite a custom enclosure and produce cost-effective standard NEMA-rated enclosures to protect your equipment. Questions?

Which panel boards are IP55 certified?

cabinet, complete with door, side and back panels, are certified to IP55 rating in compliance with the IEC EN 60529 standards (CEI 7-1 Publication IEC 529). The AM panel board range allows construction of electrical panel boards for automation, command and control. In particular, it covers the intermediate market sector for automation panel boards.

What is a standardized IP55 protection code?

The IEC's standardized International (or Ingress) Protection Code system is used to designate the protective capacity of an electrical enclosure. The two-digit code shows the protection against particles (the first digit) and water (the second digit). Continue reading to learn more about IP55 Standard Protection Specifications.
