

Manufacturer of Wide Temperature Range Power Cabinets

Overview

AZE designs and manufactures a wide range of HVAC outdoor telecom enclosures, environmental enclosure solutions for communications and power distribution applications.

AZE designs and manufactures a wide range of HVAC outdoor telecom enclosures, environmental enclosure solutions for communications and power distribution applications.

Bison Profab is proud to be an Underwriter Laboratories-approved manufacturer for UL-listed electrical enclosures and cabinets. Serving clients in the U.S. and Canada, the Bison Profab design and manufacturing team provides indoor and outdoor enclosure designs that include a wide range of NEMA.

We manufacture a variety of electrical enclosures for industrial applications that are built to protect hardware and performing beyond expectations in the harshest of industrial environments. Our enclosures provide optimal protection, durability, and performance for electrical systems in power.

Our Enclosures are designed to protect equipment in a wide range of industrial environments. Built from durable materials such as stainless steel and mild steel, our cabinets provide reliable performance against dust, water, and harsh operating conditions. All enclosures are built with advanced CNC.

Eaton Tripp Lite series SmartPro® extreme temperature network UPS systems and batteries are rated for operation in a wide range of temperatures, providing complete power protection in industrial, outdoor and transportation environments. These TAA-compliant, pure sine wave UPS systems provide safe.

Custom manufacturer of electrical cabinets made from aluminum, cast iron, fiberglass, steel, polycarbonate, and stainless steel materials. Power distribution and weather proof cabinets are also provided. Cabinets are resistant to oil, grease, rust, water, steam, corrosion, acid, and abrasion.

AZE's HVAC outdoor telecom enclosures provide superior protection for critical telecom, networking, and server equipment. Our weatherproof outdoor telecom cabinets and waterproof outdoor telecom cabinets are engineered to withstand

extreme conditions, ensuring maximum uptime and performance. Key.
