

Middle east outdoor telecom enclosure ultra-high efficiency protocol

Overview

What is an outdoor telecommunication enclosure?

Damage-resistant and reliable outdoor enclosures are key for outdoor telecommunication applications from cell tower sites and fiber optic networks to substations. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices.

Why should you choose Shield for your outdoor telecom enclosure?

This solution is also ideal for rapid deployment at the network edge. SHIELD offers a wide range of customization features for your outdoor telecom enclosures such as machining, special dimensions, custom colors, and additional protection for harsh environment.

What is ultra telecommunications?

ULTRA is our stainless steel NEMA 4 IP66 telecommunications central for telco equipment backup, with a capacity of up to 20 fiber optic trunks. Our mini-shelter is designed to protect your telecom equipment from humidity, dust, extreme temperatures and overheating.

Why do you need an outdoor enclosure?

These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices. Efficient outdoor enclosures ensure reliable performance and longevity under harsh weather. ArmorLogix is a leading manufacturer of outdoor enclosures with decades of experience creating turnkey solutions across industries.
