

New Zealand Power Storage Cabinet Fixed OEM

Overview

What types of cabinets are available in NZ?

Choose sloped or flat roofs for indoor installs in dairy, food, or freezing works—or weatherproof pillar, kiosk, monstrostyle, and data rack cabinets for outdoor use in mining, security, EV charging stations, and more. All cabinets are made to perform in NZ's toughest conditions. Forget uncertainty, shipping delays, or second-guessing the spec.

Where are PFS electrical cabinets made?

At PFS, we build electrical cabinets that are made to measure, engineered to last, and built right here in Hamilton, New Zealand, and shipped nationwide. Whether you're dealing with space constraints, harsh conditions, or tight timelines, we make it easier to get the enclosure you need without the hassle.

Are all electrical cabinets standard?

Not all sites are standard, so your electrical cabinets shouldn't be either. At PFS, we build enclosures to suit your space, environment, and compliance needs. No retrofitting, no compromise. Designed and fabricated in-house in Hamilton, and shipped nationwide, our enclosures are trusted by New Zealand's leading industrial businesses.

Are PFS electrical enclosures reliable?

PFS electrical enclosures are trusted industry-wide. When you need custom cabinetry, and quality and reliability from day one, call our team.
