

Norway bergen sodium-ion battery energy storage company

Overview

Nordic Batteries manufactures its eENERGY high-energy battery modules and ePOWER high-power battery modules in Norway using battery cells from Norwegian manufacturers and its own ground-breaking technology for automated assembly.

Nordic Batteries manufactures its eENERGY high-energy battery modules and ePOWER high-power battery modules in Norway using battery cells from Norwegian manufacturers and its own ground-breaking technology for automated assembly.

Vianode specializes in sustainably engineered battery materials that aim to improve charging times and safety for electric vehicles and advanced energy storage. FREYR Battery is focused on providing clean battery solutions, including the development of lithium-ion batteries, to support the.

The leading supplier of Energy Storage Systems for maritime, offshore Corvus Energy deploys large-scale energy storage systems (ESS) using advanced lithium-ion battery systems proven economical, safe, and reliable in a range of challenging maritime and transportation applications. As the leading.

Nordic Batteries designs and manufactures high-power and high-energy battery modules, BMS and BESS products. The company bridges the gap between battery cell manufacturers and system integrators with world-leading robotic technology for automated cell stacking and battery module assembly. Today.

This article will introduce the top 10 battery manufacturers in Norway , such as Morrow, FREYR Battery, and TECO 2030. These companies have made significant achievements in technological innovation, sustainable production, and international cooperation, contributing not only to the Norwegian.

This article highlights the top 8 sodium-ion battery companies and manufacturers in 2025. It compares their methods and looks at who is investing in, adopting, and supplying this fast-growing technology. Which Sodium Ion Battery Companies Are Leading the Market?

HiNa Battery, a public sodium ion.

Explore the leading sodium ion battery companies pushing the boundaries of energy storage and sustainability. Abundant and Cost-Effective Materials: Sodium is widely available and far cheaper than lithium, making sodium-ion batteries a more cost-effective option for large-scale energy storage.

Norway bergen sodium-ion battery energy storage company

[Peak Energy just shipped the US's first grid-scale ...](#)

Peak Energy debuts the US's first grid-scale sodium-ion battery, cutting costs and boosting reliability with passive cooling tech.

Beyonder

Beyonder is an innovative Norwegian Energy Storage-Technology company, focused on high-power batteries for industrial use. We have a clear ...

[Top Sodium-Ion Battery Companies in 2025: The Future of Energy Storage](#)

This article ranks the top sodium-ion battery companies revolutionizing the industry and compares their innovations.

[Top 6 Sodium-Ion Battery Companies \[2024\]](#)

Explore the top 6 Sodium-Ion Battery Companies is 2024 that are revolutionizing sustainable energy with innovative technologies.

[Battery modules for energy storage - sustainable. ...](#)

The company bridges the gap between battery cell manufacturers and system integrators with world-leading robotic ...

[Sodium-ion Batteries: The Future of Affordable ...](#)

Explore how sodium-ion batteries offer a cost-effective, affordable and sustainable future for energy storage.

[Top 10 Sodium ion Battery Companies Shaping Renewable Energy](#)

Top sodium ion battery companies like CATL, Natron Energy, and Faradion, leading in renewable energy storage with sustainable and cost-effective solutions.

[7 Battery Energy Storage Companies and Startups ...](#)

This report will discuss some major companies and startups innovating in the Battery Energy Storage System domain.

[Norway's maturing battery industry embraces green energy storage](#)

An early adopter of electric transport, Norway continues to capture EV battery headlines. Electric cars now account for 79 per cent of new cars sold in Norway, and the MS ...

[Top 69 Sodium Ion Battery Companies in Norway ...](#)

In Norway, the sodium-ion battery industry presents a unique landscape shaped by several key considerations. The country prioritizes ...

[Top 69 Sodium Ion Battery Companies in Norway \(2025\) , ensun](#)

In Norway, the sodium-ion battery industry presents a unique landscape shaped by several key considerations. The country prioritizes sustainability, making it essential for companies to align ...

[6 Top Energy Storage Companies in Norway . January 2026 . F6S](#)

Detailed info and reviews on 6 top Energy Storage companies and startups in Norway in 2026. Get the latest updates on their products, jobs, funding, investors, founders ...

[Norway's Morrow Batteries Backs Sodium-Ion: A Game-Changer for Energy](#)

Norway's Morrow Batteries is launching a sodium-ion battery pilot project, aiming to create a more sustainable and diversified battery supply chain. But why does this matter?

[Northvolt develops state-of-the-art sodium-ion battery](#)

Northvolt is proud to add sodium-ion to its cell chemistry portfolio, enabling safe, low-cost, sustainable power for energy storage systems.

[Sodium-Ion Batteries & Sustainable Energy](#)

Natron Energy is safely changing how energy is stored and consumed with our sodium-ion battery technology. Learn more!

[Top Sodium-Ion Battery Companies in 2025: The ...](#)

This article ranks the top sodium-ion battery companies revolutionizing the industry and compares their innovations.

[9 Top Energy Companies in Bergen · December 2025 , F6S](#)

ZNL Energy focuses on the development and commercialization of advanced separator technology for lithium-ion, zinc-ion, and sodium-ion batteries. Our proprietary ZNL ...

[Norway's Morrow Batteries Backs Sodium-Ion: A ...](#)

Norway's Morrow Batteries is launching a sodium-ion battery pilot project, aiming to create a more sustainable and diversified battery ...

[Sodium Ion Battery Companies: Top 8 to Watch in 2025](#)

This company makes sodium-ion batteries as layered metal oxide and hard carbon organic electrolyte ...

[The biggest Overview of Sodium-Ion Cell ...](#)

Companies in Europe and the USA lack the economic strength for large investments: The market capitalization of sodium-ion ...
