

Outdoor mobile three-level power supply box dedicated to construction sites

- ☑ High energy density and long cycle life
- ☑ Modular structure

No need to replace the battery

Shorter charging time

Meets 99% EV car

Overview

The Mobile Distribution Box is a portable unit designed for temporary electrical power distribution, often used in construction sites and outdoor events. It is compact, easy to move, and designed to withstand rugged environments, offering safe power management and distribution in.

The Mobile Distribution Box is a portable unit designed for temporary electrical power distribution, often used in construction sites and outdoor events. It is compact, easy to move, and designed to withstand rugged environments, offering safe power management and distribution in.

The compact power pack on wheels stores 8.9 kWh of energy. The transportable battery storage unit can be charged at standard sockets. An optional photovoltaic kit provides additional independence. It then supplies a wide range of appliances and machines with CEE16 plugs and 400 volts, and CEE7.

Outdoor power distribution boxes are rapidly becoming essential for industries and businesses expanding operations beyond traditional indoor settings. As outdoor environments—from construction sites and renewable energy projects to events and shipyards—demand robust and weatherproof power.

The Mobile Distribution Box is a portable unit designed for temporary electrical power distribution, often used in construction sites and outdoor events. It is compact, easy to move, and designed to withstand rugged environments, offering safe power management and distribution in various settings.

Power Temp Systems' power distribution equipment with robust portable options provide seamless solutions to keep job site equipment humming. Power outages a problem?

Count on Power Temp Systems solutions, tailored to your needs, to keep your project on schedule and ensure your team has all the.

Temporary power distribution boxes provide a safer way to manage power while keeping your workspace tidy. These versatile units work great for construction sites, entertainment events, and disaster recovery operations. They handle everything from simple 120/240V single-phase loads to powerful.

TYVA Energie offers portable power station for construction as a mobile and versatile energy source. The Moduloo Ex battery range provides artisans and building professionals the ability to use electric tools and charge electronic devices on construction sites, enhancing their efficiency and.
