

# Outdoor solar power hub empty box

## Overview

---

What is a solar battery box?

This product is perhaps more commonly called a "solar battery box" but is also referred to as a "pole mount battery box". Some battery boxes are large enough to be considered battery cabinets and are usually made from painted steel. Battery enclosures keep your batteries safe from weather and safe from theft.

What are the best solar battery boxes and enclosures?

Unbound Solar offers durable solar battery boxes and enclosures that are ideal for off-grid or grid-tie with battery backup systems. Browse our selection today. Our Solar Battery Guide will help you size your battery bank properly and keep things running smoothly by ensuring a well-designed system that protects your batteries.

Where can a power box be installed?

The box blends in perfectly with any outdoor space including grass, mulch, concrete, brick, pavers, dirt, walkways, patios, and more. Install in any outdoor location that requires safe power including shopping centers, campuses, amusement parks, sports fields, transit, and hospitality locations. Modular Design
