

Portable industrial cabinets for Poland base stations

Overview

How many metal cabinets does metalkas produce a year?

Metalkas produces about 60,000 pieces of metal cabinets annually, which is possible thanks to the use of the state-of-the-art technologies and production automation. For the production of metal furniture, we use 13 production machines supervised by experienced employees of the company.

Where can a metal workshop cabinet be used?

It will find ideal use in service points, carpentry shops and production halls. The advantage of a metal workshop cabinet lies primarily in its high massiveness, load capacity and load bearing capacity.

Where can I find industrial modular drawer cabinets?

Lyon is your number one source for industrial modular drawer cabinets. These heavy-duty drawer cabinets are the high density storage solution you've been looking for. Reduce your storage footprint by as much as 50% using these industrial storage drawer cabinets.

What are metalkas modular mailboxes?

Metalkas modular mailboxes meet the requirements of the Regulation of the Minister of Administration and Digitization of April 3, 2014 on letter boxes. Resistant metal used in the production of gas meter boxes, key cabinets and first aid kits ensures safety. A leader in the metal furniture and ladder industry in Poland and Europe.
