

Price of pv module n-type 580

Overview

Request quotes, compare prices, and simplify your procurement.

Request quotes, compare prices, and simplify your procurement.

The SolarSpace SS8-72HD-580N is a high-output, bifacial solar module featuring advanced N-Type cell technology and dual-glass construction. Delivering up to 580W from the front side and up to 30% additional power from the rear, it is designed for utility-scale and commercial PV projects requiring.

With a lifespan of 30 years, this SP580M-72H module provides 10-30% more power generation compared to conventional P-type modules, maximizing your return on investment. The N-type solar cell inherently avoids LID, ensuring sustained power production throughout the lifespan. Adpoted Sunpal's lastest.

Basic Info. Max. Power Max. Power Voltage Max. Power Current Upgrade to the JA Solar Panel N-type Bifacial 580W and experience the benefits of clean, renewable energy. Order yours today and join the solar revolution! .

It is a high-tech enterprise engaged in research and development, production, sales and service of solar modules, photovoltaic power generation systems investment, operation, maintenance, design and procurement of photovoltaic power station. At present, Sunergy has connected over 8GW of solar power.

The Anern ANM-ND Series N-Type Bifacial PV Module with Dual Glass is designed to deliver maximum energy output with premium durability. Using bifacial N-type cells, this module captures sunlight from both the front and rear sides, increasing overall yield by 5% to 25%. Dual-glass construction.

Our promise is to get you the fairest price from the best brands that offer warranties you can count on. We are updating our inventory daily with solar components that offer the latest technology. With a reputation for excellence and a dedication to customer satisfaction, we ensure that every.
