

Price quote for corrosion-resistant cabinets for microgrids

Overview

What is a corrosive storage cabinet?

This corrosive storage cabinet fits perfectly on countertops or workbenches to keep chemicals within easy reach. Justrite Chemcor™ Piggyback Corrosives/Acid Safety Cabinet offers corrosion and fire protection. Expand or segregate the storage of corrosives conveniently with a Sure-Grip EX Piggyback safety cabinet.

What are corrosive and acid storage cabinets?

These cabinets are designed to handle the most sensitive materials in work environments. Specialized leak-proof lining: Our corrosive and acid storage cabinets include specialized inner protection that controls leaks and keeps your employees and customers safe.

Are corrosive cabinets FM approved?

Easily remove the liner for quick cleaning of drips and leaks. Standard corrosive cabinets are FM-approved. Safely store corrosives with Justrite's high-performance steel corrosive storage cabinet. Available in multiple sizes for labs and workplaces. Shop now.

How many gallons of corrosives can a cabinet store?

Store corrosives, up to 24 gallons, with an Eagle Corrosives Cabinet. This model sits securely on the floor and features one door for ease of use. Protect your work environment with a Justrite Sure-Grip EX Cabinet. Made from 18-gauge steel construction with heat-fused powder coating, this cabinet is perfect for storing corrosives and acids.
