Are solar power systems a good investment in New Zealand?

We discuss our clients' requirements and provide a detailed Energy Management Solution to meet their needs. Solar power systems are a fantastic investment, wherever you are in New Zealand. For a start, your electricity bills will reduce, plus you will be protected from fluctuations in electricity prices.

Why does New Zealand have so many solar panels?

It's because different areas around New Zealand have varying official sunshine hours according to NIWA. You can read more in our latest article "Off-Grid Solar For Dummies". The PS: Tiny off grid system only comes with six solar panels (2.58kW total).
