With innovation and reliability at our core, we are committed to providing cost-effective, environmentally sustainable solutions for every outdoor lighting application. Discover advanced, eco-friendly and cost-effective outdoor lighting solutions Sol by Sunna Design.

Where can I put the kemeco solar post light fixture?

With the Kemeco Solar Post Light Fixture, which we tested and loved, you have many more options on where to add it to your outdoor space, with no electricity or wires needed. You can mount this light to a post (not included) or to its included mounting base and place it just about anywhere.

How many lumens does a solar panel have?

This light promises reliable brightness, with 299 LED bulbs that produce 1,000 lumens to cover a 120-degree area. The brand also claims that its solar panel charges 22% faster than its predecessor, requiring just over six hours of charging to deliver 15 hours of power.
