Ukraine's biggest private energy firm, DTEK, has launched a major battery storage facility that will bring power to hundreds of thousands of homes and strengthen the grid ahead of expected Russian attacks this winter, the company said. DTEK partnered with American energy firm Fluence Energy Inc. —

AMSTERDAM, Sept. 11, 2025 (GLOBE NEWSWIRE) -- Fluence Energy B.V., a subsidiary of Fluence Energy, Inc. (NASDAQ: FLNC) ("Fluence"), a global market leader delivering intelligent energy storage systems, services, and asset optimization software, has energised Ukraine's largest battery-based energy.

DTEK and American Fluence completed the construction of the largest energy storage system (BESS) in Eastern Europe. The project will ensure stable electricity supply to Ukrainians, despite Russian attacks. DTEK company, together with American Fluence, have completed the construction of the largest.

DTEK, along with American Fluence, launched Ukraine's largest energy storage complex. The DTEK Group, together with the American company Fluence, have built 200 MW of energy storage facilities, which is currently the largest such complex in Ukraine. In partnership with the global leader in energy.

The new storage systems, which DTEK Group aims to commission by September 2025, will provide ancillary services to Ukraine's Transmission System Operator Ukrenergo once operational DTEK unveils €140m plan for 200MW battery energy storage systems in Ukraine. (Credit: DTEK) DTEK Group, a private.

Fluence and DTEK complete Ukraine's largest battery storage project, enhancing energy stability with a capacity of 200 MW. Fluence Energy, in partnership with DTEK Group, has successfully completed Ukraine's largest battery-based energy

storage project, with a capacity of 200 MW, in under six.
