

Ukrainian new energy storage enterprise

Overview

SHENZHEN, China, Jan. 6, 2026 /PRNewswire/ -- SINEXCEL (300693.SZ) has successfully commissioned its first 1.5MW/3MWh energy storage application in Ukraine, marking a significant milestone in the company's expansion across Europe.

SHENZHEN, China, Jan. 6, 2026 /PRNewswire/ -- SINEXCEL (300693.SZ) has successfully commissioned its first 1.5MW/3MWh energy storage application in Ukraine, marking a significant milestone in the company's expansion across Europe.

A complex of energy storage systems capable of powering 600,000 homes for two hours has begun operation in Kyiv and Dnipropetrovsk Oblasts, Energy Ministry reported on Sept. 11. "Ukraine has launched the largest energy storage system in the country — with a capacity of 200 MW — built by DTEK in.

SHENZHEN, China, January 6, 2026 – SINEXCEL announced the successful commissioning of its 1.5MW/3MWh energy storage application in Ukraine, a key milestone for the company in Europe. This project highlights SINEXCEL's ability to provide adaptable energy storage solutions, crucial for maintaining.

DTEK and American Fluence completed the construction of the largest energy storage system (BESS) in Eastern Europe. The project will ensure stable electricity supply to Ukrainians, despite Russian attacks. DTEK company, together with American Fluence, have completed the construction of the largest.

The European Bank for Reconstruction and Development (EBRD) is supporting Ukraine's energy security by lending €22.3 million to private Ukrainian energy company Power One for the financing of new peaking generation capacity and battery energy storage systems (BESS). The loan will enable Power One.
