

Uzbekistan solar battery cabinet group

Overview

Will Uzbekistan fund a 250-megawatt solar photovoltaic plant?

TASHKENT, May 21, 2024 — The World Bank Group, Abu Dhabi Future Energy Company PJSC (Masdar), and the Government of Uzbekistan have signed a financial package to fund a 250-megawatt (MW) solar photovoltaic plant with a 63-MW battery energy storage system (BESS).

What is the Uzbekistan solar project?

The Project will develop the largest combined solar photovoltaic and energy storage initiative in Uzbekistan to date.

Will Uzbekistan have a solar power grid?

For instance, the UAE's state-owned Masdar added 511MW of photovoltaic projects to Uzbekistan's grid in March and, in January, expanded its partnership with the Uzbek government to develop 500MWh of battery storage and 2GW of wind energy. Uzbekistan aims for 12GW of renewable capacity by 2030, with 7GW from solar PV.

How is Uzbekistan accelerating its battery storage strategy?

Alongside this milestone, the company is also accelerating its battery storage strategy with the signing of key partnership agreements. The Sarimay solar power plant, boasting a capacity of 126 megawatts, marks a step in Uzbekistan's transition towards sustainable energy sources.
